PD 09-01 ENCLOSURE 3 - ORGANIZATIONAL CONFLICTS OF INTEREST (APRIL 23, 2015)

H.[X].1 The Contractor's attention is directed to FAR, Subpart 9.5, "Organizational and Consultant Conflicts of Interest." DHA has made a determination that an actual or significant potential organizational conflict of interest exists, or the nature of the work to be performed may create an actual or significant potential organizational conflict of interest in future acquisitions.

H.[X].2 For the purpose of these clauses, the term "Contractor" means the contractor, its subsidiaries, affiliates, partners, market consultants, as defined by FAR, Subpart 9.501, or any of its successors or assignees.

H.[X].3 Insert Option 1-5 (as applicable) when the nature of the work to be performed may create an actual or significant potential organizational conflict of interest in future acquisitions.

Option 4: The Contractor will participate in the evaluation of the proposals, products or services of other companies. To avoid conflicts which may create bias ground rules, impair the Contractor's objectivity, or give the Contractor an unfair competitive advantage, it is agreed that the Contractor is precluded from award of any supply or service contract or subcontract related said technical evaluations. This restriction shall be effective for one year after expiration of any contract resulting from participation in the evaluation process identified in this option.

H.[X].4 It may become necessary in the performance of this contract to review proprietary information from other contractors. The Contractor shall protect all proprietary information from unauthorized use or disclosure and refrain from using the information for any purpose other than that for which it was furnished. At the request of the Contracting Officer, the Contractor agrees to execute agreements with third party companies furnishing data in connection with work performed under this contract. Safeguards shall be implemented to restrict access to proprietary information and to avoid, neutralize, or mitigate potential conflicts of interest. Non-disclosure agreements shall be completed by the Contractor, all employees, and subcontractors who obtain access to proprietary information, and provided to the Contracting Officer.

H.[X].5 The Contractor agrees that if an actual or potential organizational conflict of interest is discovered after the award of this contract, the Contractor will immediately notify the Contracting Officer, in writing, of the nature of the conflict. The Contractor shall submit a mitigation plan to the Contracting Officer within 30 days of notification, outlining the actions the Contractor has taken or proposes to take to avoid, neutralize, or mitigate the actual or potential organizational conflict of interest.

H.[X].6 The above restrictions shall be included in all subcontracts, teaming arrangements, and other agreements calling for performance of work which is subject to the organizational conflict of interest restrictions identified in these clauses.

H.[X].7 The Contractor acknowledges the full force and effect of the above clauses. The Government reserves the right, in case of a breach, misrepresentation or nondisclosure, to terminate this contract, disqualify the Contractor from subsequent related contractual efforts, or pursues any remedy permitted by law or this contract.

(End of clause)

PD 33-01 - AGENCY LEVEL PROTESTS (APRIL 14, 2014)

An interested party filing a protest with Defense Health Agency (DHA) has the option of requesting review by either the Contracting Officer (CO) or an Independent Review Official (IRO), who is a DHA official at a level above the CO. Alternately, an interested party may request IRO review as an appeal of the CO's protest decision.

Where applicable, an interested party must clearly state in the protest that IRO review is requested, and must specify the nature of the independent review sought - whether as an alternative to CO review or as an appeal of the CO's decision. Regardless of which review is requested, all protests must be complete and submitted to the CO within the time frames specified in FAR Subpart 33.1.

PAYMENTS (APR 1884)

The Government shall pay the Contractor, upon the submission of proper invoices or vouchers, the prices stipulated in this contract for supplies delivered and accepted or services rendered and accepted, less any deductions provided in this contract. Unless otherwise specified in this contract, payment shall be made on partial deliveries accepted by the Government if

(a) The amount due on the deliveries warrants it; or

(b) The Contractor requests it and the amount due on the deliveries is at least \$1,000 or 50 percent of the total contract price.

(End of clause)

52.246-4 Inspection of Services - Fixed-Price (Aug 1996)

INSPECTION OF SERVICES - FIXED-PRICE (AUG 1996)

(a) *Definition.* "Services," as used in this clause, includes services performed, workmanship, and material furnished or utilized in the performance of services.

(b) The Contractor *shall* provide and maintain an *inspection* system acceptable to the Government covering the services under this contract. Complete records of all *inspection* work performed by the Contractor *shall* be maintained and made available to the Government during contract performance and for as long afterwards as the contract requires.

(c) The Government has the right to inspect and test all services called for by the contract, to the extent practicable at all times and places during the term of the contract. The Government *shall* perform *inspections* and tests in a manner that will not unduly delay the work.

(d) If the Government performs *inspections* or tests on the premises of the Contractor or a subcontractor, the Contractor *shall* furnish, and *shall* require subcontractors to furnish, at no increase in contract price, all reasonable facilities and assistance for the safe and convenient performance of these duties.

(e) If any of the services do not conform with contract requirements, the Government *may* require the Contractor to perform the services again in conformity with contract requirements, at no increase in contract amount. When the defects in services cannot be corrected by reperformance, the Government *may*-

(1) Require the Contractor to take necessary action to ensure that future performance conforms to contract requirements; and

(2) Reduce the contract price to reflect the reduced value of the services performed.

(f) If the Contractor fails to promptly perform the services again or to take the necessary action to ensure future performance in conformity with contract requirements, the Government *may*-

(1) By contract or otherwise, perform the services and charge to the Contractor any cost incurred by the Government that is directly related to the performance of such service; or

(2) Terminate the contract for default.

52.212-2 Evaluation-Commercial Products and Commercial Services. (Nov 2021)

EVALUATION - COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (Nov 2021)

(a) The Government will award a contract resulting from this solicitation to the responsible Offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered, and a trade off analysis will be conducted. The following factors shall be used to evaluate offers: Technical, Past Performance and Price. It may be in the best interest of the Government to consider award to other than the lowest priced Offeror or other than the highest technically rated Offeror. Technical and Past Performance are equal in importance. Technical and Past Performance, when combined, are significantly more important than Price.

Technical factors will be evaluated and rated based on the following adjectival ratings:

<u>Adjectival Rating</u>	<u>Description</u>
Outstanding	Proposal demonstrates an exceptional approach and understanding of the requirements and and risk of unsuccessful performance is low.
Good	Proposal indicates a thorough approach and understanding of the requirements and risk of unsuccessful performance is low to moderate.
Acceptable	Proposal meets requirements and indicates an adequate approach and understanding of the requirements, and risk of unsuccessful performance is no worse than moderate.
Marginal	Proposal has not demonstrated an adequate approach and understanding of the requirements, and/or risk of unsuccessful performance is high.
Unacceptable	Proposal does not meet requirements of the solicitation and, thus, contains one or more deficiencies and is unawardable, and/or risk of performance is unacceptably high.

Past Performance relevancy and confidence assessment will be evaluated and rated based on the following adjectival ratings:

<u>Adjectival</u>	<u>Rating Description</u>
Very Relevant	Present/past performance effort involved essentially the same scope and magnitude of effort and complexities this solicitation requires.
Relevant	Present/past performance effort involved similar scope and magnitude of effort and complexities this solicitation requires.
Somewhat Relevant	Present/past performance effort involved some of the scope and magnitude of effort and complexities this solicitation requires.
Not Relevant	Present/past performance effort involved little or none of the scope and magnitude of effort and complexities this solicitation requires.

<u>Adjectival Rating</u>	<u>Description</u>
Substantial Confidence	Based on the Offeror's recent/relevant performance record, the Government has a high expectation that the Offeror will successfully perform the required effort.
Satisfactory Confidence	Based on the Offeror's recent/relevant performance record, the Government has a reasonable expectation that the Offeror will successfully perform the required effort.
Neutral Confidence	No recent/relevant performance record is available or the Offeror's performance record is so sparse that no meaningful confidence assessment rating can be reasonably assigned. The Offeror may not be evaluated favorably or unfavorably on the factor of past performance.
Limited Confidence	Based on the Offeror's recent/relevant performance record, the Government has a low expectation that the Offeror will successfully perform the required effort.
No Confidence	Based on the Offeror's recent/relevant performance record, the Government has no expectation that the Offeror will be able to successfully perform the required effort.

Factor I - Technical Approach: The Technical Approach will be evaluated based on the Offeror's demonstrated ability to perform the requirements of the PWS. The following four sub-factors are of equal importance and will be individually rated:

Sub-factor 1: Key Personnel (PWS 1.12)

The Government will evaluate the resumes of the proposed key personnel to determine whether they meet the minimum qualifications and experience levels, as set forth in PWS Section 1.12, and the availability of the proposed ~~Contract~~ Program Manager and designated alternate. Note: the resumes should clearly describe how the proposed key personnel met the minimum experience and qualification requirements. In addition, the government will evaluate the extent to which the resume demonstrates relevant leadership experience, ability to manage multiple functional areas, and proposed personnel's ability to meet the responsibilities identified in PWS Section 1.12.

Sub-factor 2: Staffing Plan (PWS ~~5.8~~ 1.11.2)

The Government will assess the adequacy and feasibility of the Offeror's staffing ~~plan~~ **approach**, including proposed staffing levels and labor categories, to successfully complete the tasks throughout the PWS. Evaluation will include the Offeror's ability to maintain required staffing levels and fill vacancies in a timely manner.

Sub-factor 3: Transition Plan (PWS 1.6.1.1 and 1.6.1.2)

The Government will evaluate the Offeror's approach to both transition-in and transition-out. A successful proposal will demonstrate a clear, realistic, and low-risk plan for ensuring continuity of services without performance degradation or disruption.

Sub-factor 4: Management and Quality Assurance (QA) Approach (PWS 1.10)

The Offeror's approach to managing, monitoring and maintaining quality control to ensure quality for effective contract performance will be evaluated. This includes the Quality Control ~~Plan (QCP)~~, as referenced in PWS Section 1.10.1, and the Offeror's ability to proactively monitor, correct, and prevent performance issues.

Factor II - Past Performance: The Government will consider the Offeror's record of relevant and recent performance on similar contracts as noted below. Only performance under relevant and recent records will ultimately be assessed as to their quality in arriving at the overall past performance rating. The evaluation will follow a process:

1. **Relevance** - The government will determine whether the past efforts are similar in magnitude, scope, and complexity, as aggregated together, to this requirement. If they are, the quality (i.e., how well the Offeror performed under the effort) of the past efforts will then be assessed, if they are also recent. Note: Offerors with no recent past or present performance history or the Offeror's performance record is so limited that no confidence assessment rating can be reasonably assigned will receive a rating of "Neutral Confidence," meaning the Offeror is treated neither favorably nor unfavorably (neutral). For the purpose of evaluation, a "Substantial Confidence" or "Satisfactory Confidence" past performance rating is worth more than a "Neutral Confidence" rating with regards to the tradeoff analysis and best value determination.
2. **Recency** - The Government will determine whether the past performance efforts are within the last three (3) years from the date of the solicitation. If they are, the past efforts will be assessed as to the relative quality of the past performance, if they are also relevant.
3. **Quality** - The government will assess the quality of Offeror's past performance based on the reference feedback available to the Government. Additionally, the government may use CPARS and other sources of information available to the government to assist in assessing confidence on one or more of the past efforts.
4. **Confidence Assessment** - An evaluation of how well the Offeror performed (i.e., the "quality" of the past performance) on the identified relevant contracts.

Factor III - Price: Price proposals will be evaluated for reasonableness in accordance with FAR 15.404-1. Price will not be assigned an adjectival rating. Price proposal shall only include the required pricing sheet provided as an attachment to the solicitation. Please note: Travel CLINS ~~in~~ on **Tab 1 of the** pricing sheet are pre-priced and should not be changed.

While the Government does not intend to engage in interchanges, the Government reserves the right to conduct interchanges if deemed in its best interest. However, Offerors are reminded that the Government may make award based solely on initial Offers.

(b) **Options.** The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of provision)
